The Canvass.

An extract from a private letter says KNOXVILLE, June 24th, 1857. Messrs. Hatton and Harris were here to-day. They had a large crowd. They both spoke well, Hatton, in the rejoinder, however, was altogether above Harris-he did gloriously. We are all delighted with "Bob Hatton"

dispatch, received in this city yesterday:

Mements, June 26, 1857. Municipal election in Memphis yesterday, American majority 209.

CAMPBELL MAN-TREES .- E. C. HUNTLEY, Esq., Agent, arrived yesterday, in advance of this cele-Wednesday nights, next.

The Swiss in their celebration of the Anniversary of American Independence, do not desire to be exclusive. They have invited alike foreign and native-born, irrespective of religious or political creeds to join them; and, we understand, the officers of the day will represent all classes. This is right and proper. On an occasion of the kind, no such thing as parties, creeds, or place of birth, shall be known.

The late Henry Clay has a son who brings reproach on his father's memory by running for Congress in the Ashland district as the Democratic candidate. This son appears to have very little stability of principle. He has been a warm advocate of the reform proposed by the American party, but now opposes it. We shall let our readers see one of his articles on the subject, ere long.

It will be gratifying to our citizens to know that the old site of the Nashville Machine Works, is to be occupied by a similar establishment. Messrs, M. JACKER & Co. bave already commenced work at that place, and will shortly erect buildings, &c., and promise to turn out as much and as great a variety of work, as the old Company. They adare prepared to receive orders for engines and every other kind of machinery, desired in their iron, casting and machinery - not the least of which | made in July. are the "Claibarne Machine Works."

Lellyett, Ewing & Co., hold a large auction sale of groceries at their store on Market street, on the first day of July next. It will be well for our city retailers and country merchants to make a note of this fact, and attend the sale.

EXHIBITION OF REAPING MACHINES, - On Thursday last, a committee appointed by the Davidson county Agricultural Society, met on the farm of Mr Thos. Harding, near this city, for the purpose of testing and deciding upon the merits of such Resp-Ing Machines as might be entered for competition. The following machines were in the field in good working order,

Rugge' Centre Draft Reaper, Armstrong & Co., agents, Nashville. Kentucky Harvester, Macey & Hamilton, agents,

Manny's Combined Reaper and Mower .- B. F.

Cheatham, General Agent for Tennessee, The ground selected to test the machines upon, was a level field, the grain being of medium beight, standing moderately thick upon the ground, and in every way well calculated to give the Machines a fair chance of displaying their powers to the best

The committee after seeing each machine in oueration, and examining them to their satisfaction, awarded the Prize to the Manny Machine, as being to their advantage to give them a call, the best adapted to the wants of farmers in this

\* From the Memphis Eagle and Enquirer. Another Cold Blooded Murder, GREAT EXCITEMENT AND MOB!!

Our hereto'ore peaceful city was the scene of great excitement y storday, occasioned by the coldooded murder of one of our citizens. About 5 above the nipple, by a man name John Able, well known to this community as a gambler.

The provocation, we learn, was, that Everson Able commenced abusing Everson, and finally drew a pistol and shot him. This occurred in front of the Worsham House, and in the presence of a number of gentlemen. Mr. Everson died almost carried to immediately. Able was arrested and the calaboose, a large and indignant crowd fol-I wing after him, fotent upon summary 'puoish-

After being lodged in jail, a mob of some 1,500 or 2,000 persons collected in front of the Calaboose, who declared they wouldhang Able; for, if they left the matter in the hands of a jury, he would certainly be acquitted, as others, guilty of cries of "hang the murderer!" the crowd was addressed by Mayor Douglass, Col. John Martin, Mr. Greenlaw Gen. Harkell, Col. McMabon, Wo. A. McEwin, J. C. Holland and others, in a very able and pathetic manner-celling upon the citizens not to take the law into their own hands, but wait for a legal investigation of the case; as no jury could possibly clear him. But the remarks of these gentlemen apparently effected but little

They finally agreed to detail a guard of twentyfive men from the crowd to watch and guard the full, to prevent the probable chance of in escape or removal of the prisoner, until they could hold a meeting and form a Vigilance Committee after The crowd then dispersed, to meet again at 8 o'clock, in the Exchange Buildings.

MEETING LAST NIGHT. At a meeting of about twenty-five hundred citistion the summary punishment of John Able, for the murder of Mr. John Everson, the following proceedings were had:

On motion, Dr. J. C. Holland was appointed President, and John Brickley Vice President, Mr. J. C. Condwick was requested to act as Secretary. On motion, a jury of thirty-siz citizens was selected from the crowd, who, after hearing all the evidence of the foul crime, retired to one of the jury rooms, and after a short consultation teturned, and, through the foreman, F. H. Clark, reported thet, after hearing the evidence and due deliberation of the whole case, they were so fully convinced of his guilt of murder in the tret degree, and as there was no possible chance of his escape through the law, they were in favor of leaving it to the proper legal tributals of the country.

The populace dissented from the decision of the Jury, and we left amid cries of "Let us hang bim!" "Let us hang the murdereil" The following resolution was unanimously adopted

by the meeting, and requested to be published in all | E. F. RINGELEY. the City papers: Resolved, That a Committed of Three be appointed to notify Joe Able to leave the County of Shelby

before 12 o'clock, to-morrow, never to return. N. B. FORREST. OLIVER GREENLAW, Com. F. H. CLARK. Jane 24th, 1857.

Col. T. J. Finnie then called the attention of the fame, so moltitude, and spoke a few moments, showing the source from which all the bloodshed and murders in this city emanated-war from the gamblers and gaming houses, idlers and loafers about the city-and offered the following resolution, which was unanimously adopted;

Resolved, That all gamblers be ordered to leave this city in ten days from this time, and if they faitto do so they will be compelled to depart, perceably f pensible, forcibly, if necessary; and that gaming houses be no longer tolerated in this city.

HORRIBLE MURDER. - We learn that the wife of Wm. Bostick, who has been living about two and a half miles from Franklio, Ky., was found dead in her bouse on Saturday last. The woman was horribly mutillated, but the murderer had attempted to wash the blood from her clothing and from the

Suspicions rests very strongly upon a man by the name of Lewis D thrige. The evidence adduced before the Coroner's jury clearly points to him as the guilty man. We learn that in consequence of the suspicion existing against him, that he has fled after having confessed to his tamily the commission of the horrid deed. He imputed it to intoxication. WHEAT IN CENTRAL TEXAS -The Texas Baptists published at Anderson, Grimes county, says that the experiment made this year in wheat growing in that region has succeeded well, and that the black prairie land has produced much the best wheat, which will yield twenty bashels or more to the sere. T. xas is surely a rare country; here we have good sugar cane and wheat growing on the same farm. The prospect for a corn and cotton crop this year is also promising.

This establishment, corner of Deaderick st. and the Square, has just been newly fitted up in splendid style with every concenience, and the proprietors have spared no expense in making it one of the finest Galleries in the South western country. Their side and sky-lights are the best in the city, and the ladies will find a fine Piano, as also, a commodious toilet room, fitted up exclusively for them. They pledge themselves that their pictures shall not be surpassed by any artist in the city, and invite the public, and the ladies particularly to call and examine their Gallery, Specimens, ect. Crooker's Millinery Establishment. We doubt whether the fair dames and belies of Nashville have ever experienced so much difficulty in the selection of a bonnet, as this season, at this establishment. The cause is not to be found in the increased fastidiousness or captiousness of their tastes, nor in the paucity of the stock or inelegance o'cleck, last evening, Mr. John Everson, pump of the styles. They have such emotions as led the poet to wish that the ips of all womankind, especially the beauties, were condensed into one pretty pouting pair that he might, in kissing them, kiss the whole race. Where there is so much elegance, so great a variety, a choice must be difficult. The thing's natural; and the dear creatures are not to blame. But not of bonnets alone does Crooker's congress consist. Nearly all descriptions of millinery goods are represented similar crimes, had been before bim. ## Chickering and Sons' Piano Fortes,

AT THE EIGHTH EXHIBITION OF THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION in 1856, Report of the Judges, HENRY K. OLIVER. J. C. D PARKET,

OTTO DRESEL. GEO, M. WARREN, WM. REED. The following instruments were offered for examination, in competition for awards:-Forty-eight Piano Fortes, subdivided as follows: Nipeteen Grands Two Parlor Grands

In the department of Piano Fortes, the committee, uniting into one class, as is obviously correct, the Grands, Semi France and Parlor Grands, recommend the following awards:

Chickering & Sons, for their Grands, Semi-Grands, and Parlor Grands, for most decided and meritoricus improvem

Chickering & Sons, for the two best Fquere Plano Fortes, of Seven Octavo each, the first Silver Medal, The committee, in coming to a decision upon the merits of the several instruments of which they have just determined their award, were of entire unarimity. They did not besitate for a moment in deciding that the Grand Piano Fortes from the justy celebrated house of the Messrs, Chickering & Sons, were not only altoyether manifestly superior to all competitors at the present exhibition, but were no equally manifest, and greatly advanced improvement over the well-commended product in of the same as abilishment effected at anterior exhibitions. And the committee not only feel it to be a pleasure, but an obvious duty, to congratulate the present heads of this long established house, that they have so well sustained its high repute. The memory of the good name, and of the good deeds, and of the great skill of its found r, that I long be chert had; and it is a matter of equal satisfaction and price that the garment of praise he has so fairly won and wore, has fallen upon shoulders worth to receive and able to honor it. The Semi-first ds of Chickering & Sons, and a Parlor-tirend by the same firm, were superb instruments: and this last ad the sev ral varieties of Grands, Semi-Grands, and Parior-Grands been kept distinct in Cass, would have been entied, a highest award, both for it own in rinsic ment, and a new and meritorious invention. But all these were uniand into one class, and the sward was made accordingly. The Parior Grand, first emanted from the house of Chickering & one and made its appearance at the exhibit on of 18 S, and the committee of that year awarded to it a Gold Meda; but inarmuch as the late lamented head of the firm was a number of the then Government of the Fociety, the award roud not be confir ed consistent y with the laws of the Association. It would afford the committee great satisction could t) is award be now confirmed. That the judge ent of the committee may be distinctly understood, they now repeat their awards on the class of inuments under discussion. They put the execul varieties leto one class, and they award to Chickering & sons the p emium to cover the three varieties offered by them-Gold Madal.

Twenty-Eighth Annual Fair of the American Institute, New York. 1856.

To the class of Square Plano Fortes, the awa do of the committee were made with equal unanimity. The instruments

of Chickering & Fous are at the head.

It is not necessary to di cuss the merits of the other Square Piano Fortes in detail. Those to which awards have been

assigned are placed in the order of their merit, as adjudged by the committee, and those of which special mention is not
